MAXIMIZING CLINICAL OUTCOMES IN ONCOLOGY

18th - 19th March 2023

Venue : Hotel Trident, Bandra Kurla Complex, Bandra (E), Mumbai

Conference Description

The expanding therapeutic landscape for many cancers has provided new opportunities for oncology professionals to improve outcomes through individualized patient care. With new and emerging treatment strategies in medical oncology and radiation oncology, recent advances in techniques and approaches to the surgical management and molecular oncology, the oncologist today needs to continuously train and keep themselves updated.

In this activity, oncology experts pair in-depth analysis of efficacy and safety evidence with a case-focused discussion of best practices for bringing treatment advances to the clinic. Featured topics include novel therapeutic approaches, strategies for collaboration amongst clinicians and set benchmarks to optimize patients care.

Highlights of the Meeting

- Dedicated tumor type specific sessions
- State-of-the-art year in review talks
- Multidisciplinary case based discussion
- Network with stalwarts in Oncology
- Industry symposia
