About the Foundation

Freedom from cancer relief and research foundation and the cause supported through this show.

Freedom from cancer relief and research foundation is a public trust established to help and inspire the cancer survivors with an intense care and focus. Our foundation is aimed to spread awareness, render services and sponsor medical treatment, therapies for the needy.

Our foundation helps to raise funds to enhance treatment and supportive care programs for cancer patients, fund local cancer research initiatives and provide continuous care and support through out to help all the survivors beat their trauma from getting back to life. Through the activities of the organization, we try to bridge the gap that exists in cancer public health, education, training and cancer survivor issues in the country.

Give love, Give hope. Our mission is to provide help inspire and hope to those affected by cancer through early detection, education, and support services.

Every year we conduct conferences and meetings for both the cancer survivors and the doctors. Freedom from cancer relief and research foundation is one of the most recognized and respected cancer foundation in the country with a mission of rendering relief to 300 cancer survivors every year.
