GRAND ROUNDS IN ONCOLOGY 2022

2ND TO 4TH
SEPTEMBER

Dear colleagues

It gives us great pleasure to invite you for the Grand Rounds in Oncology 2022, to be hosted from the **2nd to 4th September 2022** by the Oncology Group of Pune (OGP).

OGP is a conglomerate of 120+ members practicing oncology in and around Pune. Most are life members, bonded together with monthly meetings for mutual knowledge exchange, data sharing and joint problem solving in this challenging field of ours.

The Grand Rounds in Oncology 2022 promises to be two and a half days of an academic gourmet, and we have taken the trouble of curating content which is very boots-on-the-ground and real world relatable. The format is in the form of case presentation and medical sleuthing, and the detectives in this oncological “who-done-it” are the best of the best from all over the country, a heady mix of the famous and respected and the up and coming; dashing current and future leaders in oncology. Equal emphasis is given to surgical, medical and radiation oncology, as well as histomolecular pathology and nuclear medicine. In short, there is something for everyone associated with cancer diagnostics and therapeutics.

Pune, this Oxford of the East, is salubrious in September. Our monsoons are fading and the temperature is in the late twenties. Lord Ganesha will be visiting and the air is festive.

Ladies and gentlemen, Pune welcomes you with open arms.

Regards,
Organising Team
