# Student Education Program on Prostate cancer (STEPP)

**Dates:**

**Sun, 19<sup>th</sup> Dec, 2021 | Sun, 16<sup>th</sup> Jan, 2022**

**Sun, 13<sup>th</sup> Feb, 2022 | Sun, 6<sup>th</sup> Mar, 2022**

**Time: 7.00 pm to 8.15 pm**

**One of its kind Case Simulation with Self Assessment based Learning Module**

**Chairman**

**Dr. Jagdeesh N Kulkarni**

Director Minimal Invasive & Robotic Surgery,  
Prof & Head, Dept of GU/GYN Oncology,  
ACI - Cumballa Hills Hospital, Mumbai

**Program Directors**

**Dr. Tejinder Singh**

Sr. Consultant Medical Oncologist,  
Apollo Hospitals, Mumbai

**Dr. Vivek Venkat**

Sr. Consultant - Urology &  
Robotic Urology  
Nanavati Max Hospital,  
Mumbai

Document Number: IN-8547

## Student Education Program on Prostate cancer (STEPP)

Sun, 19<sup>th</sup> Dec, 2021 | Sun, 16<sup>th</sup> Jan, 2022

Sun, 13<sup>th</sup> Feb, 2022 | Sun, 6<sup>th</sup> Mar, 2022

7.00 pm to 8.15 pm

Dear Colleagues,

In recent years, prostate cancer management has become increasingly complex with new surgical techniques, radiotherapy, and the approval of several second-generation anti-androgen therapies. Moreover, clinical trials of targeted therapies, immunotherapies, and novel combination regimens are underway across various forms of the disease.

These case-based discussions highlight evidence from key trials on next-generation androgen-targeting agents, the role of DNA damage-response mutations, biomarker testing and the potential role of innovative targeted therapy, and advances in immunotherapy for prostate cancer. By providing a “roadmap” to the multiple pathways of prostate cancer management, this program serves as a resource for postgraduate students interested in the present and future applications of new science in patient care.

**Upon completion of this activity, participants should be better able to:**

- Develop personalized, evidence-based treatment plans for patients in different prostate cancer settings with considerations of tumor, patient, and treatment-related factors
- Discuss newer advances in surgical and radiotherapy techniques.
- Discuss the clinical outcomes, latest guidelines, and expert recommendations for selection and sequencing of approved therapies, including hormonal, anti-androgen, cytotoxic, and bone-directed therapies, alone or in combination for non-metastatic and metastatic prostate cancers
- Assess the role of genetic testing for treatment decision-making through the prostate cancer disease continuum

# Student Education Program on Prostate cancer (STEPP)

## Expert Faculty

**Dr. Jagdeesh N Kulkarni**

Director Minimal Invasive & Robotic Surgery,  
Prof & Head, Dept of GU/GYN Oncology,  
ACI - Cumballa Hills Hospital, Mumbai

**Dr. Tejinder Singh**

Sr. Consultant Medical Oncologist,  
Apollo Hospitals, Mumbai

**Dr. Vivek Venkat**

Sr. Consultant - Urology & Robotic Urology  
Nanavati Max Super Speciality Hospital  
Mumbai

**Dr. Santosh Waigankar**

Consultant, Uro-Oncology, Kokilaben  
Dhirubhai Ambani Hospital, Mumbai

**Dr. Kaustav Talapatra**

Director, Radiation Oncologist,  
Nanavati Max Super Speciality Hospital  
Mumbai

**Dr. G.V.K. Reddy**

Sr. Consultant Medical Oncologist,  
Yashoda Hospital, Hyderabad

**Dr. Adwaita Gore**

Associate Director Medical Oncology  
Nanavati Max Super Speciality Hospital  
Mumbai

# Student Education Program on Prostate cancer (STEPP)

Sun, 19<sup>th</sup> Dec, 2021 | 7.00 pm to 8.15 pm

TIME	TOPIC
7:00 - 7:30 pm	Diving Deep into the Management of Locally Advance Prostate Cancer
7:30 - 7:45 pm	Audience Participation in Case Simulation
7:45 - 8:15 pm	Case Base Discussion (LAPC)

Sun, 16<sup>th</sup> Jan, 2022 | 7.00 pm to 8.15 pm

TIME	TOPIC
7:00 - 7:30 pm	Recent Advances in the Therapeutic Management of Metastatic Hormone Sensitive Prostate Cancer
7:30 - 7:45 pm	Audience Participation in Case Simulation
7:45 - 8:15 pm	Case Base Discussion (mHSPC)

Sun, 13<sup>th</sup> Feb, 2022 | 7.00 pm to 8.15 pm

TIME	TOPIC
7:00 - 7:30 pm	Understanding the Evolving Treatment Landscape in Metastatic Castrate Resistant Prostate Cancer (mCRPC)
7:30 - 7:45 pm	Audience Participation in Case Simulation
7:45 - 8:15 pm	Case Base Discussion (mCRPC)

Sun, 6<sup>th</sup> Mar, 2022 | 7.00 pm to 8.15 pm

TIME	TOPIC
7:00 - 7:30 pm	Role of genetic testing in Prostate Cancer
7:30 - 7:45 pm	Audience Participation in Case Simulation
7:45 - 8:15 pm	Case Base Discussion (HRR Mutation)

# Student Education Program on Prostate cancer (STEPP)

Sun, 19<sup>th</sup> Dec, 2021 | Sun, 16<sup>th</sup> Jan, 2022  
Sun, 13<sup>th</sup> Feb, 2022 | Sun, 6<sup>th</sup> Mar, 2022

7.00 pm to 8.15 pm
