● **Contribution to the society of ISHBT :**

I had been co-ordinating many academic endeavours of prestigious ISHBT and co-ordinating regional ISHBT academic activities.

As a passionate and dedicated healthcare professional with a specialization in hematology, I am eager to contribute my skills and knowledge to further the advancements in this field.

Throughout my career, I have been actively involved in hematology research and patient care. I have had the opportunity to work with esteemed professionals, participate in research projects, and present my findings at various conferences. My experience has fostered a deep appreciation for the significance of collaborative efforts and continuous learning in enhancing hematology practices.

By joining the Indian Society of Hematology, I aim to actively engage with like-minded individuals and contribute to the society's mission of advancing research, education, and patient care in hematology. I

believe that my experience and enthusiasm will enable me to make meaningful contributions to the society's initiatives and help foster a supportive community for professionals in this field.

As a member, I am committed to promoting awareness about hematological disorders, participating in educational programs, and advocating for accessible and equitable healthcare for patients across the country. I also look forward to collaborating with other members to drive innovation and create a positive impact in hematology.

I assure you of my dedication and active participation as a member of the Indian Society of Hematology. I am excited about the prospect of working with the esteemed professionals in the society and making a difference in the lives of patients with hematological conditions.

Thank you for considering my application. I would be grateful for the opportunity to contribute my skills and expertise to the society's endeavors.

Looking forward to the privilege of being part of the Indian Society of Hematology and contributing to its success.

Sincere regards!
