- **Over 75 peer reviewed manuscripts.**

- **Contribution to the Society:** I have been actively participating in the Conferences and Academic activities of ISHBT since the year 2008. I have presented 23 abstracts at the Annual Conferences of ISHBT. I have also published 17 articles in IJHBT.

If I am elected as an EC member, I will work wholeheartedly for the benefit of every member of the society and the society itself. I will aim to increase the ISHBT membership by increasing hematology awareness amongst the young interns and junior residents. I will also work towards more and more social media visibility of ISHBT.

Regards

Col (Dr) Kundan Mishra
